*The part indicated by the arrow is the magnet area

Built with a strong magnet, it can be directly attached to the back of the iphone with magsafe or magsafe cases and used as a fill light.

06 How to Use?

B Use the Meteor and Suction Mount in combination

① Clean the wall with mild detergent and water and dry it thoroughly.

② Press the suction cup firmly to squeeze out the air.

③ Attach the Meteor on the back of the Suction Mount.

*Usage Time: The Suction Mount is intended for short-term use. Remove it after approximately one hour to prevent slipping.

*Cleaning Tip: If the Suction Mount becomes dusty, wipe it with a cloth to maintain cleanliness and usability.

07 How to Use?

C How to remove the Suction Mount?

Pull the tail, and lift the Suction Mount.

Warranty / Guarantee

IMPORTANT

Thank you for purchasing this product. It has been made to demanding high-quality standards and is guaranteed for domestic use against manufacturing faults for a period of 12 months from the date of purchase.

This guarantee does not affect your statutory rights. If your product fails due to a defect in material or workmanship during this period, please contact GLAMCOR by email (realperson@glamcor.com) or return it to the place of purchase.

Normal wear and tear is not covered under the guarantee. Any guarantee is invalid if the product has been misused or subject to neglect or an attempted repair other than by our own service center.

Due to continuous product improvement, we reserve the right to change the product specification without prior notice.
